Decarbonization Target

Does PAYPAL HOLDINGS, INC. have a decarbonization target? YES

Does PAYPAL HOLDINGS, INC. have a decarbonization target that is considered in the calculation of Implied Temperature Rise? NO

To consider a target in our assessment, we utilized reported data such as the target's baseline and end-year, the target coverage (whether Scope 1, 2, and/or 3 emissions are covered), the expected reduction in emissions and other information which enable the accurate projection of emissions into the future. Without this underlying information, a target may not be included in our overall assessment and consequently in the calculation of Implied Temperature Rise.

Target data as of March 16, 2022
